**M. HILTON WILLIAMS, M. D., M. C. P. S. O.**

Graduate of Victoria College, Toronto, Ontario; Licentiate Physician in and for the state of Michigan; also member of the College of Physicians and Surgeons of Ontario; for three years Associate Physician of the Chicago and Cincinnati Throat and Lung Institute; for fifteen years, and sole proprietor of the Detroit Throat and Lung Institute, and for several years Proprietor of the Ontario Pulmonary Institute and Health Resort at Toronto. Over 60,000 cases treated by us during the past nineteen years.

In order to show how successfully lung diseases can be cured when properly treated, we give the testimonials of those who are well and favorably known by many of the people of Los Angeles:

From Rev. H. F. Spencer, M. E. Minister, Kalamazoo, Mich.:

To Whom It May Concern:

Two months ago I came to Dr. M. Hilton Williams for confirmed consumption. I had been a severe sufferer from that most disagreeable of all diseases, catarrh and bronchitis, hawking and expelling large quantities of yellow mucus from the head, having more or less abscesses on the bronchial tubes, and feeling hardly able to walk about, suffering even from the weight of my overcoat.

I was also very much prostrated as well by the heavy labors of my charge; but by the faithful use of his excellent treatment for the blood and the inhalations for the head and throat I have experienced most happy results. I have now no trouble with mucus on the bronchial tubes. I can walk with ease six or eight miles a day, and there is very little disturbance from the nose and head. All miseration has ceased.

It would be unnatural in me not to have the fullest confidence in the doctor's treatment. Indeed, I believe catarrh and lung trouble cannot be successfully treated in any other way. Inhalation reaches all the parts most beneficially, and at once, and I regard every case curable, if taken in time. I take pleasure in saying this for the benefit of the afflicted, as well as in just os to the doctor.

REV. H. F. SPENCER,
Michigan Conference of M. E. Church.

From Rev. John Russell, Presiding Elder of the Kalamazoo District of the Michigan Conference of the M. E. Church:

M. HILTON WILLIAMS, M. D.—My Dear Sir—Seeing that you were about to go to your son, Wm. A. Russell, then to his twenty-first year, had two vertical attacks of pneumonia, from the lungs, none of which he has had since he began the use of your remedies, followed by extreme prostration and nervous debility. In truth, to my judgment and to that of others who knew him intimately, his symptoms indicated a rapid decline and an early death by pulmonary consumption. But under your treatment he has recovered his health so as to be able to labor as of old. I attribute his improved condition, under God, to your medical skill and method of treating diseases of this nature. With the sincerest prayer that God may render your professional labors a blessing to many others who are similarly afflicted, I am, yours very truly,

REV. JOHN RUSSELL.

From Rev. L. R. Fiske, D. D., President Albion College, Albion, Mich., formerly pastor of Central M. E. Church, Detroit, Mich., and editor of the Methodist Advocate:

DETROIT, Mich., Sept. 22, 1877.

DR. WILLIAMS—Dear Sir: I am glad to add my testimony to the efficacy of the treatment my son has received. In the spring of 1877, my son, then in the age of 23, was suffering from a severe affection of the bronchial tubes and lungs, so as to be confined to his room and the most of the time his bed. Within the space of two weeks he experienced several copious hemorrhages, from which the ordinary remedies afforded but temporary relief. I applied to you, who supplied me with inhaling medicines, which effected an immediate arrest of the bleeding, and which has never occurred since to require the inhalation. Respectfully,

REV. L. R. FISKE,

Let there be no delay, then, in application to the treatment that has stood the test and has proved again and again the only hope—the only reliable safeguard and means of restoration.

Our Eastern friends should not depend upon climatic influences alone, for herein lies the fatal mistake. Nearly every case requires positive medication, so as to become rid of the offending matter—the consolidated portions of the lungs—thereby giving nature an opportunity to heal them.

**CONSULTATION FREE.**

Those who desire to consult with me in regard to their cases or to locations as to climate, had better call at my office for consultation and examination, but if impossible to do so, can write for a copy of my Medical Treatise, containing a list of questions. Address

**The Friends of Indian Civilization at Mohawk.**

LAKE MOHAWK, N. Y., Oct. 7.—The Mohawk Conference of friends of Indian civilization met this morning. Mr. Smillip, on calling the conference to order, explained its origin, nearly two years ago, its object being to unite the philanthropic and Christian men of the country upon a definite policy, and to create a public sentiment in favor of such policy. General Clinton B. Fisk was chosen President of the conference. The special committee appointed at last year's meeting to confer with President Cleveland reported that its interview with him was satisfactory, and that his course towards the Indians since assuming the duties of his office had caused much pleasure.

General Whittley, Chairman of the Board of Indian Commissioners, by request, spoke on the question of rations and ammunition. He said: "For 100 years we have been teaching the Indian to live in idleness, with the belief that he has the right to demand food and clothes without work. We have made him a pauper and beggar, and the difficulties to be met with in something else are very great. It is hardly possible to expect a change in habits, but it will be our fault if we do not prevent the coming generations from following in their footsteps. Issuing food, clothing and annuities is not a pleasant thing to witness or describe."

Dr. Lyman Abbott presented a paper, which was referred to the Business Committee. It recommended the immediate admission of Indians to citizenship, the abolition of reservations, the allotment of lands in severalty, the purchase at an appraised value of all unalloted lands and their opening to settlement, the discontinuance of all annuities and their appropriation to Indian education, and the confinement and compulsory education of any wild tribe incapable of citizenship.

**No Exceptions to the Order of the Secretary of War Returning Officers to Their Regiments.**

*Associated Press Dispatches to The Times.*

WASHINGTON, D. C., Oct. 7.—The Secretary of the Interior has made a decision upon the appeal of Luther Harrison, ex-Assistant Commissioner of the Land Office, from the order of Commissioner Sparks, denying to him the right to practice as an attorney before the Interior Department under the terms of the Act of June 1st, 1872, which provides that it shall not be lawful for any person appointed after June 1st, 1872, as an officer, clerk or employé in any department, to act as counsel, attorney or agent for the prosecution of any claim which was pending in the department while he was connected with it. The decision of the Secretary is that no one shall be made in the operation of the order. The order was issued after a long and personal consideration by the Secretary, who fully knew the effect it would have. He had become confident that, under the prevailing system, detached officers lost interest in their regular duties, and that its continuance would be demoralizing to the service.

**DESTITUTE MISSIONARIES.**

An official report has reached the United States Minister at Lisbon that fifty Methodist missionaries from this country, men, women and children, under the care of a bishop, recently landed on the West Coast of Africa in an utterly destitute condition, and became at once a charge on the local government of the Benguela tract. Land was granted them on which to make a permanent settlement.

CINCINNATI, Oct. 7.—In to-day's session of the Congress Socialistic of the Labor Party, a motion to establish a co-operative printing and publishing association by a party connected with the wholesale and retail labor news agency at New York, was favorably considered. It was also resolved to establish an English party.

## ENLARGED SHEET.

THURSDAY, OCTOBER 8, 1885.

### Correspondents, "Boil It Down!"

We must again and again admonish correspondents to avoid prolixity wherever brevity is possible. Life is short and newspaper space valuable. We have now, as we have generally, on hand a mass of contributions upon all sorts of subjects, some of them timely and important, which it is impossible for us to print because of their excessive length. Frequently it happens that we receive letters which we would gladly give place to on their merits, but, on account of their verbosity, are compelled to defer publication till the matters treated of become untimely. The authors of such letters can see for themselves that this result could be obviated by a compliance on their part with our standing rule, which is to "boil it down." As for that class of contributions which are occasionally sent us just "to help fill your paper up," we want none of them. The able but exhausting builders of such superfluous word-structures ought to know, but don't appear to understand, that the daily and hourly concern of an alert editor is to determine what to do with the material at hand—to find room for half that is offered or can be procured, always giving news and facts the preference. Therefore, beloved brethren of the guild of volunteer correspondents (whom, we can sincerely say, we value highly, as a class),—be brief; be pointed; be concise; be clear; be timely—and stop when you are done.

In a column of "Letters from the People" we ought, as a rule, to be able to crowd from four to eight letters on topics of the times. In that number of contributions, from as many different brains, there will always be found more ideas and more "good stuff" than in a column letter from a single individual.

Once more, then, men and brethren, "BOIL IT DOWN!"

SAN DIEGO is to have through overland railroad connection p. q., and in anticipation thereof she is elevating the horn of her rejoicing and keeping it full high advanced. Hear the Union blow its bazoo:

Laid down in San Diego, the freight charges (on farm machinery), we are assured, will not exceed $6 per ton on the class of goods we need to carry the wholesale trade of all the territory mentioned [Southern California and Arizona], and more too. Los Angeles, too, must receive her heavy good from San Diego. She will buy of our merchants, or at least have all her freight sent to San Diego and then forwarded to her by rail. She must do this to protect herself—even to hold her local trade.

There you have it in a nutshell, gentlemen merchants of Los Angeles—and "what are you going to do about it?" When San Diego announces that she is going into the swallowing-up business, isn't it about time for you to take to your holes and pull the same in after you? By the way, where is that great commercial problem-picker, the r. y. j.? Why is he not at the front in this dire and deadly commercial crisis? Why does he not project his massive form upon the scene of impending disaster, lift up his resonant voice, and in hautboy tones of statistical and figurative eloquence predict what the devil and Tom Walker will become of us all "in the near future," unless we "look a leedle oudt?" Come forth, r. y. j., and shake yourself!

PASADENA is not satisfied with a little taste of metropolitanism. Two applications are before the Board of Supervisors for franchises to construct street railroads in that ambitious burg. One of the projected lines traverses the settlement north and south through the center, communicating with two depots of the San Gabriel Valley Railroad. The other extends eastward along Colorado avenue to Mr. Rose's place. The applications for these franchises are made by responsible citizens of Pasadena, and if they undertake the tasks, the one or both roads will be built within a year. We understand there is no opposition to the projects. After putting on such city airs as this, Pasadena cannot remain long unincorporated.

THERE is and always has been an immense amount of alleged information afloat concerning the removal of Grant from the army for various reasons. These statements, traced down, are found, so far as we have observed, to have no value as accurate, unbiased expressions upon the subject. The Omaha Herald, for example, says:

Mr. Dana was on the ground in person at Vicksburg, as General Grant's resolute supporter against popular discontent. He had the order to relieve Grant in his pocket, if this should be deemed necessary by Mr. Dana.

Fortunately Mr. Dana is still on deck, and in position to save much valuable time in looking over the record. He says:

This is a mistake. He had not the order to relieve Grant in his pocket. No such order was ever drawn or signed.

### Hard Blows Against Low License.

*To the Editor of the Times*—SIR: "Denver," in the Evening Express of October 1st, deals in irony on a large scale, and presumes to nominate a ticket for State and municipal offices without calling a caucus or consulting the saloon-keepers of Los Angeles. I have reason to believe that "Denver" is giving us away, or trying to do so—throwing dust in our eyes and trying to make light of a serious subject. "High License" has caused "Denver" great mental agony and suffering and, to relieve the misery of his city surroundings, I will invite him to take a trip to the country and examine into the matter of strong drink, ardent spirits, white wine, red wine, whisky, five-cent beer and such other mall liquors, wine and cider as he may consider worthy of notice. Which way shall we go? It is not far to the oldest town and the oldest mission in Los Angeles county. Let us go to San Gabriel. Here there has been no nonsense, no fooling with personal liberties in the way of ordinances imposing high licence for the many saloons that have flourished at San Gabriel in the century just past have been open night and day, week day and Sunday, right along. The town has been run on a drink-as-much-as-you-please basis. The Rev. Dr. Bresee and his kind have never preached there, nor let the light of their "transcendent" minds bewilder the sturdy sons of San Gabriel. Here at San Gabriel low license, or no license, has held supreme way for a hundred years or more. Now the result. Ragged, squalid children, bleareyed and besotted men and women, filthy, crooked streets and squalid habitations, and hungry, snarling dogs meet you there at every turn. Even the old mission building seems to be saturated with the wretchedness that is all about it. The land is fertile, the sun shines brightly, the vine, the orange, the palm, and the pomegranate flourish here; but the product of all seem to run into and end in the saloons. Can you tell me how many murders and robberies have been committed in San Gabriel in the century just past? I know "Denver" would get tired counting them over, and tell me he wanted a rest. Could "Denver" tell me how much it has cost the industrious, sober citizens of the county to prosecute and punish the criminals of San Gabriel, made so by low license? "Denver" will want another rest, and perhaps say that I have chosen the worst town in the county and the least progressive. Well, then, let us take something fresh. There is San Fernando. That town was laid out in 1874-5, and the first house there was a whisky mill, and for many years the saloons were equal in number to the actual dwelling houses, and even now they are grossly out of proportion in numbers. Mind you, "Denver," there was and is no high license there; but within the decade, murders, cold-blooded and cruel, have been committed there, and the blight that hangs about San Gabriel is visible to the naked eye at San Fernando. Both places have been run on a whisky basis, with like results to the inhabitants thereof. What do you think of it, "Denver?" Do you want me to support your nonsense of low license and pay taxes for such results as exhibited at these places? Now, over against these towns, or rather lying between them, is Pasadena, just the same age as San Fernando. Started on a cold-water basis, with no better land, with not so good a water supply as either San Gabriel or San Fernando, the population of Pasadena is as many thousands as either of the other towns number hundreds. No murders have been committed there, and the streets of her courts show so little, in the way of crimes and misdemeanors, that the whole costs attending them would be less than five cents per capita on Pasadena's population. Bet, Dr. Bresee's kind preach and pray there. Even the despised Quaker has a meeting-house there. A free library tells of the intelligence and culture of the people, and the splendid roads, avenues and drives, as well as the orchards, the orange groves and the beautiful cottages and palatial dwellings of her people evidence the wealth, comfort and contentment that are found in all Pasadena's borders. Town lots in San Fernando sell for a few dollars apiece; in Pasadena $1500 has been offered for wholesale trade of all the territory mentioned [Southern California and Arizona], and more too. Los Angeles, too, must receive her heavy good from San Diego. She will buy of our merchants, or at least have all her freight sent to San Diego and then forwarded to her by rail. She must do this to protect herself—even to hold her local trade.

There you have it in a nutshell, gentlemen merchants of Los Angeles—and "what are you going to do about it?" IDEAS IN REGARD TO EXPERIMENTAL STATIONS.

Correspondence of the TIMES.]

ONTARIO, Oct. 3.—An excellent suggestion, originating with the Pomona Progress, has been made regarding the appointment of experiment stations in various localities of our State, to determine the value of different varieties of fruit, and also the adaptability of our soils to the growth of trees or vines at present foreign to California. Professor Dwinelle, of the State University, has, as a private individual, set out in Ontario a large collection of rare plants, as well as the trees and vines usually grown by the fruit men of Southern California, but public enterprises of a like nature would undoubtedly prove of immense value to our State. Nothing was thought, for many years, of California, save as a country valuable for its minerals. Then came the time when the fleets of wheat-carrying vessels caused Eastern men and Europeans to open their eyes in amazement at the wonderful fertility of our soil; and now comes the fruit industry, destined, at no distant date, to cast all other enterprises of our State in the shade. It is, therefore, very important that the non-intelligent run may be made of our advantages, and, to that end, such an enterprise as is suggested would be of inestimable benefit.

The Chaffey College authorities have had an experimental station in contemplation, and arrangements will probably be made to place the directorate of the various stations, should they be established, under the management of the President of the college.

P. Gargan, who recently put a store front on one of his Euclid avenue dwellings, is about to make a similar addition to the adjoining building.

A new frame store and dwelling is being erected on the corner of Euclid avenue and B street for Miss Morse.

Wilding's project of building a hotel in San Antonio cañon is very favorably thought of. The cañon is a famous summer retreat, and a good dining hall there will be a decided convenience.

"ON THE SHOOT."

Correspondence of the TIMES.]

ONTARIO, Oct. 5.—Chas. J. Shattuck, W. G. Richardson and W. B. Bancroft, of San Francisco, have been slaughtering Ontario quail this week. Shattuck's ink has made unmistakable impressions on this coast, but he flatters himself he can mark a good many birds indelibly without it. Bancroft thinks his forte lies between birds and books, while Richardson says his success is not all "on paper." With Wilding as guide, the party bagged six dozen birds before breakfast on Monday.

The finishing touches are being put on the college building, and everything will be ready for the opening, on the 15th inst., when it is expected that special trains will be run to accommodate visitors from Riverside, San Bernardino and Los Angeles.

Eastern land-buyers are beginning to arrive, and the season's prospects are unusually good.

Johns & Steinbeck are receiving large orders for their iron pressure pipe, and expect to enlarge their factory soon.

### IN THE SIERRA.

**Walker and Switzer's Camp—A Delightful Resort.**

A correspondent writes to the TIMES, as follows:

Having just returned from a most desirable summer resort, that some of your readers may be glad to hear of, I would like to make a few remarks on Walker and Switzer's camp, situate about twenty-five miles northeast from Los Angeles, near the head of the Arroyo Seco.

My visit was short, but can most truthfully say that I had a most delightful time among the wilds of the Sierra. It is, in my opinion, one of the most desirable resorts in the county. I was most agreeably surprised to find, at a point so near home and so easily accessible, such a desirable location as Walker and Switzer's camp. From the temperature of Los Angeles to the camp, a distance of but twenty-five miles, the change is very great, the air being pure and bracing. The elevation of the camp is 4300 feet above the sea level, and is reached by a safe and well-made trail, which continues above and beyond for some four miles, by a very gradual ascent.

The most important peaks were named by a party of ladies, who, after some difficult climbing, succeeded in placing monument stones on their highest parts.

From the trail above the camp the Los Angeles valley can be plainly seen except when obscured by fog.

The water cannot be too highly praised, being pure, from numerous springs, almost ice cold, which join and form a stream, in which those who enjoy the sport of fishing can find the speckled beauties.

This camp can be reached via Pasadena, thence by a wagon road of seven miles to Brunk's ranch, thence by trail to the camp, distant from Brunk's about six miles.

Pay this camp a visit and I only hope you may be as well pleased as

### Steam Fruit Canner,

FOR FAMILY USE.

Cans Jars,

Simple and Easy to Operate.

No Excessive Heat.

No Broken Jars.

No Spoiled Fruit.

**DESCRIPTION.**

This apparatus consists of a steam generator, heated by a double coalOil burner, from which a steam jet is forced through a flexible rubber tube into the fruit to be canned. It is made in two sizes, each holding 7 gallons, finished in Russia iron and furnished with a handle, by which it may be easily carried from place to place.

This apparatus is adapted for preserving all kinds of fruits and vegetables in glass or earthenware jars, or tin cans.

**ADVANTAGES OF USING THIS APPARATUS.**

No jars are broken. The heat is all utilized in the canning process, and none escapes in the kitchen. By the direct application of the hot steam the fruit is cooked in the quickest possible time and the most thorough manner. Owing to the fruit cooking in the natural appearance and flavor of the fruit is fully retained. A pint of fruit cooked in three minutes. **Call and Examine the "Daisy," now in operation at**

## HOME MANUFACTURES.

**Local Announcements of Leading Los Angeles Industries.**

***Los Angeles Cracker Company.***

The Los Angeles Cracker Company, corner of Aliso street and Aliso road, has entered upon its fairly year under most favorable auspices. All kinds of crackers and cakes are manufactured, and the quality is now better than ever imported. The Cracker Company is a local enterprise which should have the support of every one. It is thoroughly deserving. Winter & Co. are the proprietors.

***Los Angeles Soap Company.***

The Los Angeles Soap Factory is one of the oldest manufacturing establishments in the southern portion of the State, having been started about a quarter of a century ago. It has been under the management of the present proprietors, Messrs. Furdon and Berdin, twelve years, and they have brought it up to a high standard. Their toilet and laundry soaps are famous all over the southern country, and their borax soap is particularly in demand by dressmakers. Their mild caustic soda, sal soda, soda ash, potash, tallow, olive, lime, palm and wood oils they also manufacture. Shale oil soap, which has been tried and used extensively by the Southern Pacific Railroad, is a specialty with them, and has proved a most effectual insecticide. The office and works of the Soap Company are located at 49 to 61 Fleming street and 507 First street.

***Los Angeles Soda Works.***

The Los Angeles Soda Works, H. W. Hill & Co., proprietors, No. 107 Commercial street, is one of the oldest manufactories in Los Angeles, having been in existence eighteen years. They manufacture soda water, sarsaparilla, almond-raie, mineral waters, champagne cider and all kinds of syrups. Their specialty, however, is the famous "Ocean Foam" soda water, for its flavor has no equal. This soda is unexcelled for any summer drink ever yet introduced in Los Angeles, and the demand for it this season has been immense. Bozarth Stoll & Co. sells their goods to all the portions of Southern California, and their business has grown rapidly. Orders from any part of the city and country will be promptly attended to and satisfaction guaranteed.

***Climax Windmill.***

The Climax windmill is the invention of J. R. Millard, a Los Angeles gentleman. It was patented December 9, 1884. The owner claims for it that it will run in less wind, is much stronger built, less complicated and thirty-three per cent cheaper than any Eastern mill in the market. It is highly recommended by all who have tried it, including such well-known residents as Wm. Lacy, G. A. Gubbins and M. L. Wicks, of Los Angeles. Mr. Millard also manufactures at his factory, 14 Second street, iron and wood tanks and all kinds of pumps.

***Globe Coffee and Spice Mills.***

The Globe Coffee and Spice Mills are located on Aliso avenue. This establishment has long been noted for the excellent quality of its coffee and spices, and since F. L. Jones, the present proprietor, assumed charge, the business of the concern has rapidly increased. The specialty of the Globe Mills is its "Golden Nugget" coffee. Once tried, no other brand will be used. Orders for roasting or grinding to make substantial improvements to his machinery. All orders from the country will promptly be attended to.

***The Troy Shirt Factory.***

The Troy Shirt Factory, Room 24, Schumacher block, is the leading establishment of the kind south of San Francisco. It has been in operation for about two years, its specialty being custom made goods, or in other words shirts and underwear made directly to order. The business has increased rapidly, and is perhaps one of the very best class in this city. Those purchased ready made will be apparent to all, and as nothing but the best materials are used in the manufacture of the goods sold, as will be seen, a considerable saving will be effected. Prices are low and the factory is also a fashionable thoroughfare, many fine residences. Two years' care pass and Mrs. Troy is still in charge. Three will be paid for this year. As an inducement to patrons contemplating purchasing for a private residence. Go and see us; this property and wait until the day of our sale. Can be examined any time previous to October 20th.

### A Splendid Offer.

In order to increase the already very large circulation of the Los Angeles WEEKLY MIRROR, the publishers have decided to offer as a premium to each yearly subscriber who pays $2, a copy of Stephenson's map of the county of Los Angeles and parts of San Bernardino and San Diego counties. The size of this map is 23x30. It was issued this year, and is the most accurate map of this section ever published. It shows all the townships, sections, cities, towns and hamlets, rivers, creeks, mountains, harbors, large ranches, mines, railroads, including the Atlantic and Pacific and its proposed routes, and has a thousand other features of interest and value to residents of Southern California. It is alone well worth the subscription price and is the finest premium ever offered by any paper in the State. Taken in connection with the fifty-two issues of the MIRROR, an eight-page paper with over sixty long columns of reading matter of the choicest kind, it will readily be seen that this is an opportunity which rarely occurs Avail yourselves of it. The maps will be mailed to any address on receipt of $2.

### AMUSEMENTS.

JANAUSCHEK.—The great tragedienne met a large and fashionable audience at the Grand Opera House last night, and was warmly received. The play was Schiller's great historical tragedy, *Marie Stuart*, Madame Janauschek taking the role of the unfortunate Scotch Queen. This is probably her masterpiece, and the deep tragedy of the gloomy play gave full scope to her great power. Her support is far above the average. To-night she appears in *Countess of Mansfield*.

HAVERLY'S MINSTRELS.—Haverly's Minstrels play a week's engagement at the Grand Opera House, beginning Monday. The box office opens at 10 to-morrow.

**The Grand Lodge Devotes Itself to Investigating Charges.**

**G. W. S. KATZENSTEIN FULLY EXONERATED**

**And Serious Charges Brought Against Brothers W. D. Gould, A. D. Wood and Geo. Morris, His Accusers.**

Wednesday, October 6th.

Grand Lodge called to order at 9:30, M. C. Winchester, G. W. C. T., in the chair.

Reading of the proceedings of the first day.

Report of Committee of Revisers of Constitution and By-Laws read and laid upon the table.

The Grand Lodge resolved itself into a Committee of the Whole to consider the charges made against the Grand Worthy Secretary. The proceedings at this time cannot be made public, but in due time will be presented through the columns of the press. The regular business of the Grand Lodge has been suspended to consider the important matters connected with the investigation.

Grand Lodge adjourned until one o'clock.

*Afternoon Session.*

Grand Lodge called to order in usual form. Resolved itself into the Committee of the Whole.

Report of committee to formulate charges against Grand Worthy Secretary:

Your committee beg leave to report that the Grand Worthy Secretary of this body represents that he has been accused of grave and serious offenses by members of this body, involving his integrity as an officer of this grand body, and he asks that this body investigate such charges, said charges being as follows:

1. "The influence of the railroad caused the withdrawal of the Good Templar lectures from the lecture field from October 1st, 1884, till after the November election of that year, at the very best lecture season of the year, lest they should injure the prospects of the Republican party. *This arrangement was made at the Grand Lodge session at San Jose.*"

2. "As conclusively proved at last session of the Grand Lodge, the lecturers and officers paid by the treasury of the Grand Lodge have been abusing their position, defaming worthy members of the Order, and their main efforts directed to the collection of funds to feed the 150 dear little orphans at the Home, not a cent of which ever went to the Home or to an orphan, though $10,000 have been contributed for that sole purpose by the audiences of the lectures.

3. "Trouble and divisions have been engineered from above into Merrill Lodge with a view of drawing its faithful members out of the Order or down into silence, insignificance and uselessness to the cause and Order."

4. "As a sample of the reckless prodigality with which the funds of the Grand Lodge I. O. G. T. of California are wasted and diverted from the purposes for which the case of the lawsuit of Messrs. Katzenstein and Thompson against the former editor of the Rescue."

5. "Another case is that of Professor Crowhurst, employed about a week in the private interest of Mr. Katzenstein, lobbying about the Grand Lodge of the Knights of Pythias at Los Angeles and drawing from the Grand Lodge, I. O. G. T., all the time he pay and expenses of a lecturer."

That the foregoing charges were made by members of the Grand body falsely and maliciously, and with intent to injure and traduce the official character of the Grand Worthy Secretary as such Grand Worthy Secretary.

Censor of September 10.)

"At the coming Grand Lodge session there will be probably 200 or 250 Lodges represented. In place of their meeting to vote, one salaried officer has appointed district deputies to cast one vote for every such Lodge, without the least reference to the wishes of the Lodge, and of course for the nominees of the G. W. S., who, under this system could not be dislodged, nor could any of his henchmen or dummies in office be removed, under any circumstances of malfeasance or betrayal of their trust.

"But with the subsidized bogus votes of District Deputies, and through the efforts of the railroad Republican lobby with the weakness of people who listen to the ward strikers, so numerously employed and so disgracefully conspicuous every year now in the Grand Lodge, they were defeated and a set of officers re-elected whose only qualification was their utter nothingness and their blind obedience to the dictations of the Grand Worthy Secretary, who put them in office solely to serve him."

Your committee recommend that this honorable body appoint a committee of investigation to examine into the truth or falsity of the charges above recited, with full power to send for persons and papers.

(Signed by committee.)

The Grand Lodge as a Committee of the Whole investigated the charges, calling as witnesses Will D. Gould and Albert D. Wood, who made assertions on which the charges were framed—the assertions being made in newspapers and circulars. After the investigation had been thorough and exhaustive, and the trial ended, the Grand Lodge went into executive session. (The committee reported that they found the charges unfounded and untrue, and that they fully exonerated the Grand Worthy Secretary; that there was not one iota of truth in the assertions or charges). On motion the report of the committee was unanimously adopted.

That portion of the work given the committee to formulate charges against Will D. Gould, Albert D. Wood and George Morris was then taken up, and the committee made a report of which the substance follows:

The parties accused of improper, wrongful, malicious and unfraternal conduct are Representatives Will D. Gould, P. G. W. C. T.; Albert D. Wood, P. G. W. C. T., and Geo. Morris, P. G., Worthy Chaplain of this Grand Lodge. These are charged:

First—With having wilfully, maliciously and with intent to defame, misrepresented the official acts of the Grand Worthy Secretary of the Executive Committee.

Second—They have cherished bitter personal feelings and vented their malicious vilification and defamation of character.

Third—They have falsely and maliciously charged the Executive Committee with the usurpation of unconstitutional powers and the establishment of a forcible autocracy.

Fourth—They have formulated a report alleged to come from a standing committee of this Grand Lodge, but really not the result of any deliberation by any committee, but the individual act of a single member. This report was intended to falsely and maliciously charge the G. W. S. with dishonesty, corruption and venality in office, and to destroy his usefulness as an executive officer of this Grand Lodge, and to stain his reputation. These acts proceeded from motives of personal hostility to the G. W. S.

Fifth—They have been guilty of adopting wrong and unlawful methods of pursuing a personal controversy, hiding their malicious intent under guise of fraternal bonds, thus violating every principle of fraternal obligation as taught by the Order.

Sixth—Their false and malicious report was designed to make it be believed that the G. W. S. receives illegitimate gains from members from the sale of lodge furniture and regalia, which is false, and was known to be false by the accusers, who had "notions iota of proof, either in their possession as fact or in their minds as belief of truth, to establish such charges."

Seventh—The foregoing conduct constitutes an abuse of the privileges of a representative of the Grand Lodge, an offense against the welfare, harmony and progress of the Order, and wholly inconsistent with the duties and obligations of a representative.

One of the most pleasing innovations the Grand Lodge has witnessed since its organization was the visit by invitation of the Los Angeles Band of Hope to the session this afternoon. Business was suspended and the lodge room given over to the little folks, who numbered over 200. One of their number, Master Willie Baker, presided, and introduced those taking part in a programme prepared expressly for the benefit of the delegates and visiting members. Their banners of many colors and gilded inscriptions, together with their handsome regalia, made a beautiful pageant. The drop was marshaled by Mrs. Lucy S. Blanchard, the energetic and efficient Superintendent.

PROGRAMME.

Centennial Dialogue, Masters Eddy Longley and Frank Pinney.

Recitation, "A Little Girl's Resolution," Rosa Neville.

Solo and Chorus, "Keep in de Middle oh de Road."

Recitation, "Pies for Prohibition," Master Willie Pinney.

Solo, "No Drunkards in Heaven," Florence Longley.

Recitation, "The Coming Members of Congress," Master Charlie Binford.

Chorus, "Temperance Boys and Girls Are We."

At the conclusion of the exercises the Grand Lodge gave three rousing cheers for the coming men and women of Los Angeles. The children then marched out. The Grand Lodge was called to order and proceeded with the business of the session.

Adjourned at 5 o'clock.

### FIGHTING THE SCALE.

**Synopsis of the Report of the Horticultural Commission.**

The Horticultural Commission—J. R. Dobbins, Geo. Rice and S. McKinley—have presented to the Supervisors the following tabulated statement of work done by the Commission against the white scale during September:

| | District. | Dys. | Orch. Insp. |
|---|---|---|---|
| B. T. Mallard, City Inspector | 1 | 26 | 133 |
| N. Lindenfeld, County " | 2 | 28 | 180 |
| W. G. McMullen, " " | 3 | 28 | 170 |
| A. Ford Wright, " " | 4 | 26 | 441 |
| G. Coven, City " | 5 | 25 | 153 |
| F. Edw'd Gray, County " | 6 | 16 | 16 |
| Dr. O. H. Congar, " " | 19 | 3 | 3 |
| September inspections | | | 1178 |
| August inspections | | 569 | |
| July inspections | | 843 | 1412 |
| Total to date | | | 3090 |

In each of the more than 2500 orchards thus inspected, more or less work of disinfection has already been done, and the results have been of great value to the county in checking the pest. The Commissioners realize more and more the magnitude of the task of exterminating the scale, but feel confident that they are on the right track, and merely ask further power. They recommend that they be empowered to employ the Horticultural Guardians (appointed by the State) as they deem needful, and that a handsome reward be offered for the discovery of a better bug-killing mixture. The fund appropriated to fight the scale is nearly exhausted, and they advise the further appropriation of $16,000 to carry on the good work throughout the county for one year, the items being estimated thus:

| | |
|---|---|
| 3 Inspectors for city | $ 2700 |
| 1 Inspector for city (special) | 1200 |
| 1 Inspector for Pasadena | 1200 |
| 2 Inspectors for Orange, Santa Ana and Anaheim | 1200 |
| 2 Inspectors for Alhambra and San Gabriel | 2400 |
| 2 Inspectors for Duarte, Azusa and Pomona | 1200 |
| 3 Commissioners | 3750 |
| Office rent, etc | 250 |
| Printing | 500 |
| Reward above mentioned, say | 1000 |
| Total | $16,400 |

They believe that a large force of inspectors must be maintained, owing to the carelessness, ignorance or wilfulness of many orchard owners. The work should not be allowed to flag now, lest what has already been accomplished be undone, and because the scale breeds less rapidly in winter.

### BOARD OF SUPERVISORS.

WEDNESDAY, Oct. 7, 1885.

Board in regular session, all present.

On motion, it was ordered that the following notice be served:

*To I. W. Hellman, President of the Farmers and Merchants' Bank, Los Angeles, Cal.*—You are hereby notified that Charles E. Miles duly resigned the office of County Recorder of Los Angeles county on the 6th day of October, 1885. Any money in your possession to the credit of the County Recorder, or to the credit of Charles E. Miles, County Recorder, is the property of Los Angeles county, and you are ordered not to pay the same to Charles E. Miles, or to any other person, except upon the duly executed order of the Board of Supervisors of said county.

Dated Oct. 7th, 1885.

OSCAR MACY,
Chairman Board of Supervisors.

In the matter of refunding the county bonds, the District Attorney was requested to forward at once to the State Board of Examiners a copy, certified by the County Clerk, of the body of one of the railroad bonds proposed to be refunded.

Reports of county officers read and ordered upon the report book.

On motion, the further sum of $3500 was appropriated to defray the expenses of the Horticultural Commission.
